Minutes of November 10, 2006 EAA Chapter 145 Meeting.

Meeting called to order @ 7:15 PM  
VP Dick Foster Was Presiding.

Treasurer's report was given and approved.

Hanger donations from Dubois and Woolman were received.

Dues of \$50.00 were received.

Dues are due by 1/1/07 or date after your name.

A very interesting program last month by Don Bender from Middleville.

He has worked with Hovercraft for

ways of construction to make them safer and faster. The one he builds is a beautiful machine that he has set records with.

If you want to see or ride in this Hovercraft contact Don at

269-795-3458 for an appointment.

You can fly across Gun Lake at

70MPH only 11" above the water or ice.

(Ice is best)

We had 18 members in attendance and one guest. Vern Ehlers introduced our guest.

He is 16 year old Kalay Snyder from Rockford who just soloed the previous week and we congratulated and welcomed him.

Contact Dick Foster if you have any topics for meetings in 2007.

**(Special Note)**

Last month Ken Porritt's Baby Ace that was in our hanger was sold to an airline captain from Nebraska for \$800.00. Ken then gave it all to our chapter. What a generous gift, thank you Ken and Milly.

**Merry Christmas to one and all**
