

MEETING RIVERVIEW AIRPORT 10:00 AM FEB 11 2006

GRAND RAPIDS

CHAPTER 145

Web Page (<http://www.EAA145.org>)

Date and time of meeting: Saturday Feb11, at 10am (bring goodies?)

This months meeting will be at our hanger to inspect the progress of Mike Dubuis RV and also our nice heated hanger.

We had a good turn out for the Air Zoo trip to Kalamazoo. We started in the old building by the runway then drove over to the new building that was fantastic. We had a young man leading the tour that was very knowledgeable in aircraft history. In the new building there is a 3-D movie on the history of the B-17 Kalamazoo Gal that's a got to see and you won't believe the flight simulators you can fly in. I have some Video you can see at the meeting.

Riverview Airport wants to have an open house on Saturday June 3, 2006. Details will be provided at the Feb meeting. We will be looking for volunteers who would like to help show case EAA and Riverview to other pilots and the public.

In October 2005, Dick Foster flew the most (82) Young Eagles of any EAA chapter. He was awarded a complete

King School "Take-Off" 12 set DVD course. These DVDs will be available for any chapter member to brush up on various phases of flying.
