**EAA Chapter 145 Meeting: Friday
January 12, 7:00pm**

Happy New Year! This months meeting will be at the EAA hanger, Riverview airport

The program will feature a historical NOVA video titled "The wings of Madness". This is a little known story about a Frenchman that took to the air, when all of the "learned" scientists of the day said that man flight was impossible. In 1901 Santos Dumont designed, built and flew a dirigible, the first of his many airships. Come Friday and hear the "rest of the story".

Trivia question: What does dirigible mean?
(Answer on Friday)

Something's to think about discussing at this months meeting:

- Payment of dues for 2007
- Income to maintain hanger
- Trip to Weeks Hanger in April
- Future programs/activities

Note: Mail your dues \$25.00 (as Chuck will be gone till May)

**Bill Willyard
4358 Del-Mar Dr.
Grandville, MI 49418**

Last month's meeting was a Christmas brunch in cooperation with the Riverview pilots club. Tables were set up in the main hanger and decorated for Christmas. The food was varied and plentiful. A good time was had by one and all. A special thanks

to Mike and his crew for organizing this party.
