

MEETING FRIDAY September 8 @ RIVERVIEW 7:00PM

GRAND RAPIDS

CHAPTER 145

Web Page (<http://www.EAA145.org>)

**EAA Chapter 145 Meeting: Friday
September 8, 7:00pm**

There was no meeting scheduled in August, (vacation time) however the Chapter officers are working on some great meetings for the rest of 2006.

This months meeting will be a round table discussion on the up and coming Light Sport Aircraft (LSA) "revolution".

Major aircraft companies are getting into the Light Sport Aircraft business:
Cessna, one of the world's largest general aviation aircraft manufacturers, is expected to enter into the LSA market. Van's Aircraft Inc. has the RV-12 as their first effort to build a kit conforming to the LSA standard. The engine of choice for many of the LSA will come from a Rotax 912S 100-HP engine.

Come to the EAA meeting and get in on the information and discussion about LSA's. Bring any info you have on LSA's and/or a snack...coffee provided.

Tentative meeting info: October 14: Chili-RV fly in planned. Contact Bill Willyard (616-460-6397) if you have questions, information or would like to help.

If any one has questions, comments or information about future EAA145 meeting, please contact Dick Foster (616-538-8849)

SIDEWINDER PROJECT

65% COMPLETE

\$5,000.00

Lycoming Engine 0-290-D

Lycoming Engine 0-290-G
